#### FISCAL ANALYSIS

## **ASSUMPTION**

# §162.1265 Extended Instructional Time

Officials at the **Department of Elementary and Secondary Education (DESE)** assume this proposal has an undeterminable impact on the state, as well as local school districts. DESE will incur costs to develop and implement the grant program; however, the extent of the grant program cannot be determined.

**Oversight** assumes this proposal creates the Extended Instructional Time Fund that can have money appropriated to it and receive gifts, bequests, and public or private donations. The Fund is to be used to help pay the costs of a longer school day. Oversight assumes that all money received by the Fund will be used upon receipt.

**Oversight** will show the impact to DESE as could exceed \$100,000.

Officials at the **Office of State Treasurer** assume there is no fiscal impact from this proposal.

Officials at the **Joint Committee on Administrative Rules** assume there is no fiscal impact from this proposal.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

## FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

## FISCAL DESCRIPTION

This proposal requires the Department of Elementary and Secondary Education to establish a grant program to extend instructional time in underperforming school districts. This proposal creates the Extended Instructional Time Fund in the state treasury.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
